THE VERONA BEACH LIGHTHOUSE ASSOCIATION INC.
4TH. AVE. PO BOX 202
VERONA BEACH NY 13162**

Dear Supervisor Scott Masocchio,

The Verona Beach Lighthouse Association takes great pleasure in inviting you to be our "special guest" at the International Lighthouse - Lightship weekend. This is an annual amateur radio event that was started in Scotland. 85 countries are represented and 450 Lighthouses and Lightships participate in the event each year. The main objective is to promote public awareness of Lighthouses - Lightships and to foster International goodwill.

Under the direction of Fred Legawiec the Verona Beach Lighthouse on Oneida Lake New York has received recognition around the world! The event this year is August 20, & 21 2016 and Fred Legawiec will broadcast around the clock for 24 hours.

The event is open to the public, however only "Invited Special Guests" will have the opportunity, under the direction of radio operator Fred Legawiec to try their hand at the operation of the radio and broadcast around the world.

It would be a special honor if you could join The Verona Beach Lighthouse Association and International Lighthouse - Lightship Weekend.

*Please RSVP To: veronabeachlighthouse@gmail.com or call
Mary Alice Rolfe, President Verona Beach Lighthouse Association Inc. (315-687-0521)*

Sincerely,

The Board of Directors of The Verona Beach Lighthouse Association Inc.
